# WELCOME TO OAHU

Oahu, also known as "The Gathering Place", is the third-largest of the Hawaiian Islands. It is home to roughly one million people—about two-thirds of the population of the U.S. state of Hawaii. The island is within Honolulu County and the state capital, Honolulu, is on Oahu's southeast coast.

A golden airplane model is positioned diagonally across the top right of the page, resting on a map of the Hawaiian Islands. The map shows the names of islands like OAHU, MAUI, HAWAII, KAUAI, and LANAI. The text 'MOVE IN!' is written in large, bold, yellow capital letters on the left side of the image.

# MOVE IN!

The Hawaiian Islands are known for their beautiful beaches, tropical weather, and diverse landscapes. But living on one of these islands can be difficult if you aren't prepared. Before packing your bags and moving to the far corners of the Pacific Ocean, consider these considerations of living in Hawaii paradise:

Do you remember your first trip to Hawaii?

Hawaii is a wonderful place to visit. But if you have never lived or worked here, it might be difficult to find a job and get settled in your new home. Before moving here, plan on at least two to three weeks to visit the islands and explore the neighborhood during the day and at night so that you can decide which island fits you best.

The best thing about living in Hawaii is the weather. People say that it's always sunny and warm here, but not all the time. The island does have rain, cold nights too.

Can you afford to live in Hawaii?

While the average sales price of a single-family home on Oahu is \$1,050,000, Hawaii maybe an expensive place to live unless you know where the local shops are. However, property taxes are one of the lowest percentages in the country.

Are you able to get a job before or even after moving to Hawaii?

Some ways to find a job in Hawaii are through the US military, the University of Hawaii, or by applying at stores and restaurants directly.

If you do not have any connections in Hawaii, your best bet is to apply for jobs online; some companies will let you work from anywhere. You can visit [www.gohawaii.gov](http://www.gohawaii.gov) for more information about job offers.

Another factor that often surprises newly relocated people to the island is that a similar job position on the Mainland will typically pay much more there than in Hawaii. According to [payscale.com](https://www.payscale.com), the average annual salary in Honolulu in December 2021 is \$68,000. Trends in wages increased by 1.8% in Q3 2021. The cost of living in Honolulu is 88% higher than the national average. The most popular occupations in Honolulu are Project Manager, (Unspecified Type / General), Operations Manager, and Project Engineer which pay between \$41k and \$123k per year. The most popular employers in Honolulu are Hawaiian Airlines Inc, Y. Hata, and Hawaii Medical Service Association (HMSA)

Are you familiar with the Hawaii housing market?

Closed sales activity for single-family homes lags behind the condo market, with single-family properties marking just a 9.8% increase in sales compared to a 47.7% jump for condos in November. The median prices for single-family homes and condos tied the previously set record prices at \$1,050,000 and \$500,000, respectively.

Do you know about "Hawaiian time?"

While punctuality is important, in order to enjoy the island life you must embrace island time. Someone once said that when you're in Hawaii, time slows down and this is one of the most accurate descriptions of island time. It's not that people are lazy, it's just that the pace of life is slower and you can't rush the ocean.

Do you have a pet?

Hawaii is a rabies-free state, and since December of 2006 the island has been officially designated as a rabies-free state by the Centers for Disease Control. To prevent rabies from entering the state, the current law requires that dogs, cats and carnivores complete either the 120-day or 5 Day Or Less rabies quarantine. The law also requires that entire cost of the rabies quarantine program be paid by the users of the quarantine facility.

- The 120-day quarantine program costs \$1,080 per pet.
- The 5 Day Or Less quarantine program costs \$244 per pet.
- The direct release program costs \$185 per pet.

Here is a summary of procedures for pet quarantine:

- 10 days before you arrive, assure your cat or dog has a working electronic microchip.
- More than 30 days before you arrive, assure your cat or dog has been vaccinated at least twice for rabies in its lifetime. The vaccines must be administered more than 30 days apart. Obtain a rabies vaccination certificate for each of the vaccines from your veterinarian.
- More than 30 days before you arrive, do a FAVN Rabies Antibody Test at an approved lab. Once you have a successful test, wait at least 30 days before you arrive in Hawaii, or your pet will be subject to quarantine for \$14.30 each day along with a \$244.00 fee.
- Complete all the documents and send them in a set, so they arrive 10 days before your arrival.

- Schedule flights to arrive by 3:30 p.m., so the Airport Animal Quarantine Holding Facility has time to inspect and release your pet before 5 p.m. closing time. Otherwise your pet will have to stay overnight for an additional \$59 fee.
- Be ready to pay the \$185 Direct Airport Release fee upon arrival.

The U.S. Department of Defense may reimburse active duty military members with dogs or cats up to \$550 per family for quarantine expenses. Military members should check with their command on whether this allotment is available to them. Prices are subject to change.

If you are moving to Hawaii with a furry friend, make sure you start the pet process early. The good news is that when your pet finally is reunited with you in Hawaii, there are many dog parks and other animal-friendly condos and communities to find a home.

# OUR TEAM'S TOP HIKES

## ● Lanikai Pillbox

- Best for sunrise. This is not a difficult hike as it is short, but it is also very steep. At a fast pace you could make it to the first pillbox in 20 minutes or less. Parking restrictions in Lanikai will make it necessary to either be done and back to your car by 7am or you will need to get dropped off near the trailhead. Bring a lot of water if you are doing it during the day as it is an exposed hike almost the entire time. Our recommendation is to do this hike beginning in the dark or at dusk to catch the incredible views of the sunrise over the Mokes (Mokulua islands). Suitable for capable children and adults.

## ● Lulumahu Falls

- is between central and windward Oahu in Nuuanu area. Technically, you should visit the DLNR website and pay \$2 for a permit to hike this trail on the day of your choosing. Not everybody does this but just in case- you should do it. The trail is easy/moderate just because it can be muddy and slippery in places that you have to cross a stream. Best to bring bug spray and good grip shoes. This trail is suitable for capable children and adults. It's only a mile to the water fall and its beautiful!

## ● Waimea Falls

- This is a fully paved trail in the Waimea Valley located on Oahu's North Shore. I like this trail because it is family friendly and you can swim in the falls at the end. The walk to the falls is beautiful and educational of Hawaiian plantlife and culture. The cafe at the beginning of the trail is the perfect place to grab lunch and see the resident peacocks. This hike is great for all ages and people.

# OUR TEAM'S TOP HIKES

- Located Leeward Coast of Oahu. It will reward you with the best views of the Ka'ena Point, Keawa'ula Beach (Yokohama Beach), Mount Kaala and even Kapolei, home to the Ko Olina Resort all at the same time! Don't forget to try and catch a sunset as well, it's stunning on the West Side. It is rated moderate on All Trails.

- Likeke Falls

- Is located in the Windward Oahu. If your looking for a short, beautiful, and a stunning little waterfall hike, then check this gem out. Located in Kaneohe, this place is easy to find. The hike is kid-friendly and pet-friendly, It is rated moderate on All Trails

- Ka'au Crater

- is located in Honolulu. It is an all day hike with waterfalls, ridges, and jurassic-like jungle. This trail is for experienced hikers only. It involves rope climbing and narrow ridges, rated hard on All Trails

- Aiea Loop Trail

- The Aiea Loop Trail is a great hike for beginners and families. It offers spectacular views of iconic Hawaii hills, amazing native forests and peeks of the ocean. You can also see locals walk their dogs or run the trail. It is rated moderate on All Trails.
