INC. MAGAZINE RECOGNIZES THE CASSINA GROUP FOR SECOND CONSECUTIVE YEAR
Charleston real estate firm, The Cassina Group, was honored for a second year as one of the nation's fastest-growing privately held companies

Mount Pleasant, SC (August 17, 2015)—The Cassina Group was recognized by *Inc. Magazine* in their September issue as one of the nation's fastest-growing privately held companies. The boutique firm, with offices in downtown Charleston and Mount Pleasant, experienced a remarkable 272% growth over a three-year period, earning them a spot on the prestigious list.

"We are honored to be part of this distinguished group of competitive companies," said company co-founders Jimmy Dye and Robertson Allen. "We attribute much of this growth to our wonderful agents and clients and we look forward to continued success in the future."

Their exponential growth ranks The Cassina Group as the fastest growing real estate company in South Carolina on the Inc. 5000 list. This is the second year that the company has been honored.

Earlier this year, the company opened a third office at 132 East Bay Street which joins its existing offices at 69 Morris Street and 309 Coleman Boulevard in Mount Pleasant. For more information on the company, please visit their website, www.TheCassinaGroup.com.
